

FLYING SHEAR LINE

(1.2~6.0T) X 650W

For **Productivity**
For **Precisional Process**
For **Easy Controlling**

FLYING SHEAR

Very precisional & strong knife for precision cutting the materials with saving energy.

COMBINATION LEVELER

Light gage and heavy gage can be easily changed.

EASY CONTROL SYSTEM

Easy access to operating system for human cost saving

FLYING SHEAR LINE

Materials		High Carbon Steel, High Strength Alloy Steel
Material Thickness		1.2 ~ 6.0mmT
Material Width		100 ~ 600mmW
Cutting Length		500 ~ 2,500mmL
Tensile Strength		Max. 100Kgf/mm ²
Line Speed		Max. 60mpm
Incoming Coil	I.D / O.D	Ø508, Ø610mm(Dual) / Max. Ø2,000mm
	Holding Weight	Max. 10,000kgs
Customer		Dongkuk Industries Shiheung Plant,Korea
Manufacturing Date		August 2017
